POOLS

At Genesis Pools we are committed to producing the industries' leading fiberglass pools for our customers.

WHY GENESIS FIBERGLASS?

LUXURY, DURABLE, FUN

Genesis Pools will help create the backyard you have always dreamed about. With many shapes and shell colors, you can choose the perfect look and fit for your family. Your new pool will arrive at your home ready for installation, it's that easy.

1

INSTALLATION

A fiberglass pool is a one-piece shell that is dropped into the ground. Installation takes less time than other pool types. There are not any individual wall sections, vinyl liners or plaster finishes. These materials are very time consuming to add and can slow down the building process due to bad weather conditions.

2

ENERGY SAVINGS

The insulation properties of fiberglass will warm water at least 8 degrees or more compared to other types. You can enjoy lower operating costs when using a heater and extend your swim season. Fiberglass pools are the greener choice because there is no vinyl liner that needs replacing, making less waste over time.

3

LESS MAINTENANCE

Low maintenance meets luxury. Fiberglass pools have a non-porous surface that resists stains and algae growth. You will find it easy to keep a clean appearance. With no vinyl liner to worry about, your pool will also be very dog friendly. There is never extra work for painting or liner replacement.

4

GENESIS MODELS

Select from 37 pool models in 6 different shell colors. Many have the following unique features:

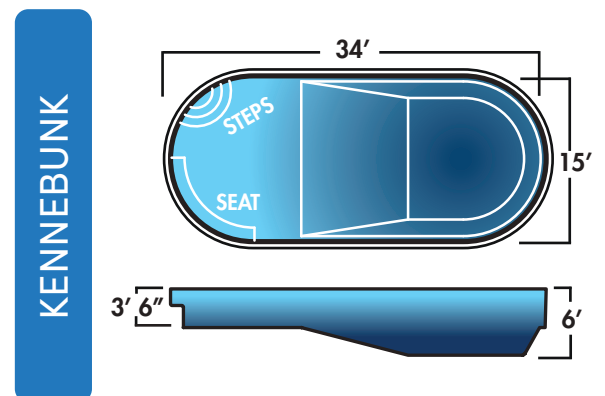

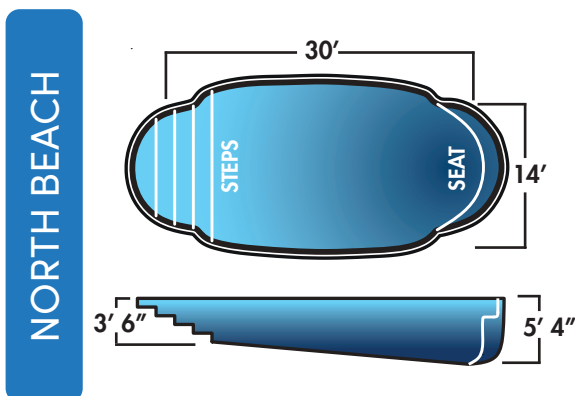

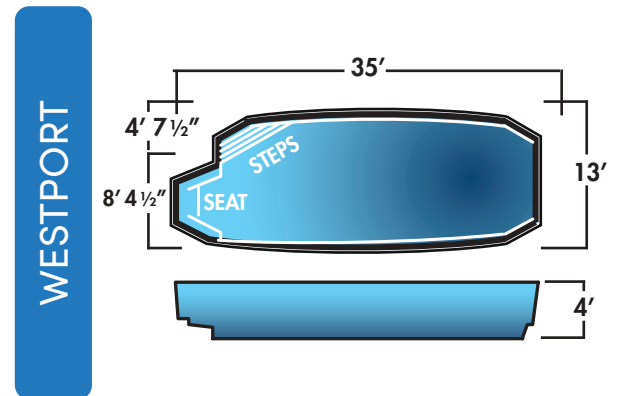

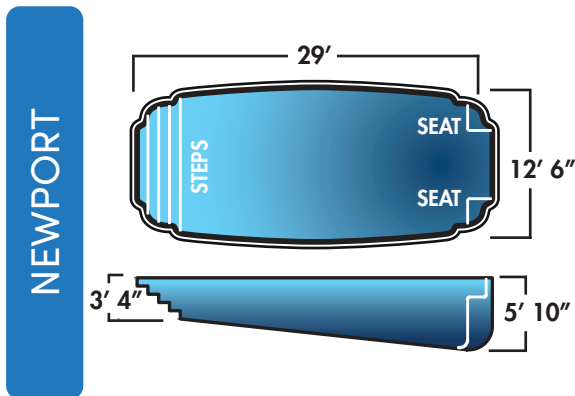

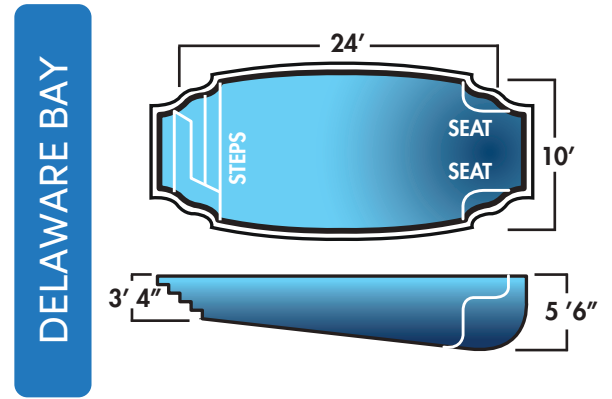

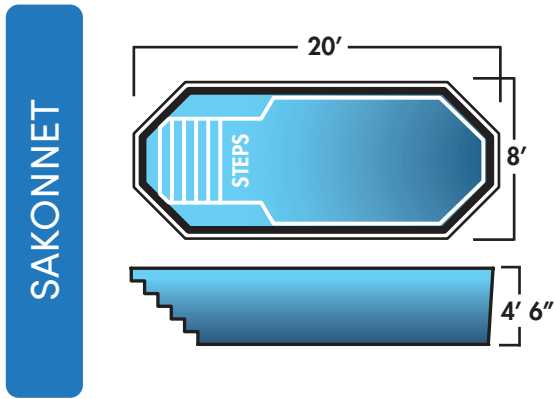

- Leisure benches and seats
- Beach entries
- Safety ledges
- Shallow or deep depths
- Non-slip steps

Add more relaxation with a hot water spa. Choose from 6 adjoining models that will enhance your entertainment area. Genesis Pools are made in Canada for northern climates and all others. Every model comes with a lifetime structural warranty.

CLASSIC

YOUR NEW OASIS AWAITS

The classic pool is exactly that... a classic design that never goes out of style. The classic offers variations of the rectangular shape that have an arch or slight curve at the ends. Our models will help create an elegant masterpiece in your backyard for years to come.

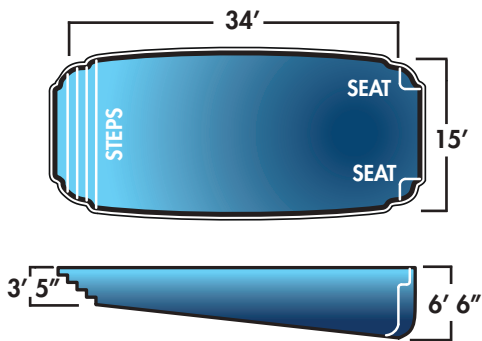

CLASSIC

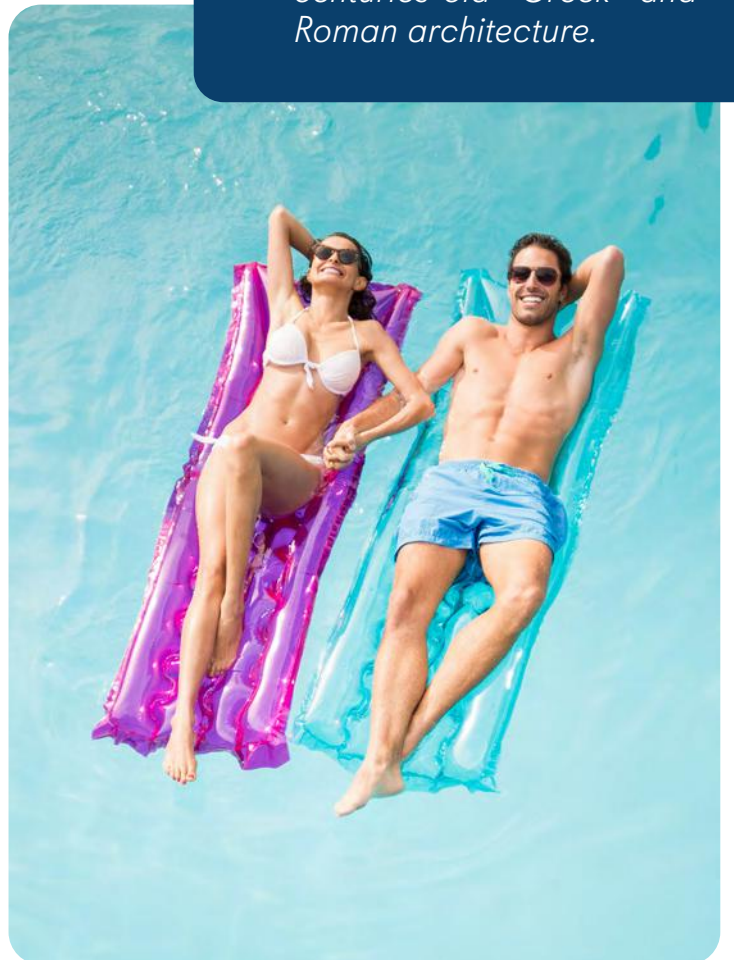

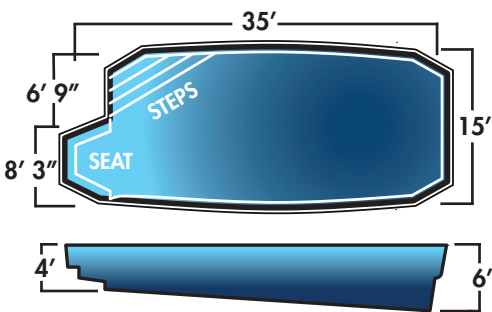

DELAWARE BAY - PACIFIC

The classic shape boasts a timeless and elegant look. This design goes back to centuries-old Greek and Roman architecture.

BAR HARBOR

CAPE MAY

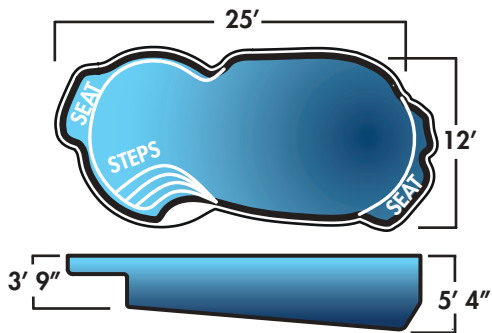

FREEFORM

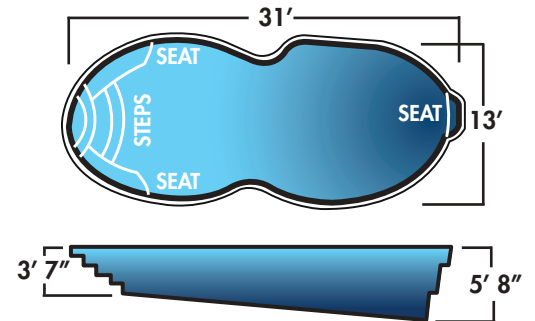

ADD FUN TO YOUR BACKYARD

The freeform pool will suit your every need. There is plenty of room for swimming, but also offers seating for the perfect lounging spot. Whether you are entertaining with a pool party or just want to relax in your surroundings, our freeform shapes have it all.
